What Is A City Authorized Contractor?

City Authorized Contractors are independent contractors that have signed an Agreement with the City. The Agreement enables contractors to participate in the City's Weatherwise service that provides rebates to install energy conservation improvements in buildings.

Why Should My Business Participate?

If your Company is committed to energy efficiency and quality service, then you may want to become a City Authorized Contractor. Once you become a City Authorized Contractor your business name will be included on the City's list. The City Authorized Contractor list will be included in City advertisements such as utility bill inserts, internet web page, and other advertisements.

The City pays Contractors promptly for all work done under the service upon inspection acceptance. As a City Authorized Contractor, you can enjoy customer referrals and City advertising to help your business grow.

How Does My Company Sign Up?

After you complete the actions below, your company name could be published on the City Authorized Contractor list:

1. Sign and return the Agreement.
2. Provide a copy of your State contractor's license and license bond.
3. Provide the certificate of insurance as required by the Agreement.

Which Customers Can Participate?

Customers that receive electric service from the City of Port Angeles can participate.

What Type Of Work Can Be Done?

Heat Pumps A heat pump with a minimum HSPF of 8.5 qualifies for a rebate in Single Family Homes.

Windows Replacement windows that are Energy Star[®] labeled with a U-value no greater than 0.30 qualify for a rebate in residential buildings.

Insulation Ceiling (R-49 maximum), wall (R-11 minimum) and floor (R-30 maximum) insulation qualify for a rebate in residential buildings.

Lighting Upgrades to existing lighting fixtures and new fixtures and controls qualify for a rebate in commercial and industrial buildings.

Duct Sealing Ductwork sealing performed and certified by a Pressure Comfort Tested System Contractor qualifies for a rebate in residential buildings.

Air Sealing. Whole house air sealing performed by a qualified contractor qualifies for a rebate.

Other Improvements There may be other improvements that qualify for a rebate in commercial buildings.

Notices The City reserves the right to change terms and requirements without notice. This is a limited offer and restrictions apply.
