Michael,

I understand your concern. Part of the issue here is that “4th Street” as it is marked is actually the 4th/5th Street alley. 4th Street as it is marked legally is actually the right of way in front of the houses on the bluff. It is uimproved. This comment is fine. I’ll add it to the record and respond to it in the Staff Report.

I’ve attached the petition application which includes a map for your review. Visual aids really help in this instance. Let me know if you have any further questions or comments.

I would like to comment on pz 21-47 the application to vacate part of the street on w 4th st. near 1530 . I am not sure what they mean by the southern half of the street since this street does not run east and west but rather at a 45 degree angle to east-west. My property is at 1521 w. 5th st. I use 4th st to access my property - especially if I need to haul something large. I would like to see this road remain open . I will not be able to attend the virtual hearing. Please tell me if this email is enough to be considered a comment or if I should use some more formal method. thanks, Michael Payne 1521 w. 5th st port angeles.
