Which position are you applying for?

Student Position

1. This Commission focuses on three areas: parks, recreation, and beautification. If you had to choose, which of these three areas would be the primary one in which your interests and experience would be aimed?

I think I would want to focus on the beautification aspect.

2. What is your favorite City of Port Angeles Parks & Recreation facility and why?

My favorite is the Dream Park, I have many memory's being there as a child so it is very important to me.

3. Think of a Port Angeles park you visit. What would you do, or like to have done, to improve your experience? What do you love about this park?

I believe that Shane park needs some renovations, specifically the tennis court and basketball area. This was another park I would attend often as a kid, I would love for my siblings to have an even better version of the park than I did.

4. Are you aware of any conflict of interest which might arise by your

No

Which position are you applying for?	Student Position
1. This Commission focuses on three areas: parks, recreation, and beautification. If you had to choose, which of these three areas would be the primary one in which your interests and experience would be aimed?	Out of these three I would choose beautification for where my interest lies most.
2. What is your favorite City of Port Angeles Parks & Recreation facility and why?	My favorite City of Port Angeles Parks & Recreation facility is Lincoln Park because of its space, availability, and the dog park is often used by me and my family.
3. Think of a Port Angeles park you visit. What would you do, or like to have done, to improve your experience? What do you love about this park?	For an example, Wilson Park is in my neighborhood and since moving in the swing set has been removed. Ideally it would make sense to have a swing set in a neighborhood full of children rather than what lies there now; small gravel pit. Additionally the field in Wilson Park is full of holes. Many sports teams including myself have practiced in this park but the success is very limited.
4. Are you aware of any conflict of interest which might arise by your service on the advisory board that you are applying for? If so, please explain:	None.
5. What skill set and knowledge will you bring to the Committee?	I think I can bring great input for the Student view on our towns Parks & Recreation. I am also an avid participant in school and social events, therefore I can get community opinions on any chance to improve our town.
How did you hear about vacancies for the advisory group you are applying for?	Word of mouth
