

# City Authorized Contractor?

## Which Contractors Can Participate?

Licensed, Bonded, and Insured Contractors that provide services in the City of Port Angeles can participate. They first must enter into a written agreement with the City of Port Angeles to provide any of the listed energy efficiency measures below.

## What Type Of Work Can Be Done?

**Heat Pumps:** Contractors must be PTCS certified or on the current BPA Approved Ductless Heat Pump Installer list to provide this service in Single Family Homes and Small Commercial Buildings.

**Windows:** Contractors shall assist customers with the selection and installation of replacement windows in Single Family Homes and Small Commercial Buildings that meet the City's Material and Installation specifications.

**Insulation:** Contractors shall assist customers with the selection and installation of thermal insulation in existing Single Family Homes and Small Commercial Buildings that meet the City's Material and Installation specifications.

**Lighting:** Contractors shall assist customers with the selection and installation of thermal insulation in existing Single Family Homes, Commercial and Industrial Buildings that meet the City's Material and Installation specifications.

**Other Improvements:** There may be other improvements that qualify for a rebate in commercial buildings.

**Notices:** The City reserves the right to change terms and requirements without notice. This is a limited offer and restrictions apply.

## What Is A City Authorized Contractor?

City Authorized Contractors are independent contractors that have signed an Agreement with the City. The Agreement enables contractors to participate in the City's Weatherwise service program that provides rebates to install energy conservation improvements in buildings.

## Why Should My Business Participate?

If your Company is committed to energy efficiency and quality service, then you may want to become a City Authorized Contractor. Once you become a City Authorized Contractor your business name will be included on the City's list. The City Authorized Contractor list will be included in City advertisements such as utility bill inserts, internet web page, and other advertisements.

The City pays Contractors promptly for all work done under the service following inspection and acceptance of the proposed measures. As a City Authorized Contractor, you can enjoy customer referrals and City advertising to help your business grow.

## How Does My Company Sign Up?

After you complete the actions below, your company name could be published on the City Authorized Contractor list:

1. Request a City Authorized Agreement from City Energy Efficiency Staff.
2. Sign and return the Agreement.
3. Provide a copy of your State contractor's license and license bond.
4. Have your Insurance Provider forward a Certificate of Insurance as required by the Agreement.
